About the Conference Program

The 2026 conference program will feature more than 20 educational sessions, presented by top seafood industry experts. Attendees will take away interesting, engaging and practical information covering the most important and timely issues relevant to today's seafood business environment. The Seafood Expo Global conference program is presented in English.

The conference platform offers exhibitors a unique opportunity to elevate their brand and establish industry expertise through Sponsored Presentations. These presentations allow your company to connect directly with a targeted audience, positioning your content alongside the official conference program for maximum visibility.

With comprehensive promotion across the expo website, printed materials, and digital platforms, your sponsored session ensures broad exposure. The conference setup includes all necessary A/V equipment, making it seamless for you to present impactful content that enhances your brand's credibility and reach.
