

Dhofar Fisheries & Food Industries Company SAOC Showcases Oman's Seafood Heritage at Seafood Expo Global

The Sultanate of Oman Pavilion at Seafood Expo Global proudly welcomes Dhofar Fisheries & Food Industries Company SAOC, a pioneer in Oman's tuna canning and seafood processing sector. The company's participation in Barcelona's premier international seafood trade show reflects its commitment to expanding global market access, promoting high-quality Omani seafood products, and reinforcing sustainable, value-driven industry growth.

Objectives of Participation

Market Exposure and Brand Visibility Enhance Dhofar Fisheries' global presence as a trusted supplier of premium canned tuna, canned sardines, frozen seafood, fish meal, and fish oil, while strengthening Oman's position in the international seafood supply chain. Additionally, focus on establishing a consistent and reliable supply chain to effectively cater to international markets and ensure long-term availability across key regions.

Promotion of Value-Added Omani Products Showcase the quality, consistency, and competitive value of the company's diverse product portfolio to international buyers, distributors, and foodservice partners.

Strategic Partnerships and Market Access Engage with global stakeholders to explore new opportunities across Europe, the Middle East, Africa, and other emerging markets, including joint ventures, licensing, and private-label collaborations.

Sustainability and Responsible Sourcing Highlight the company's commitment to responsible fishing practices, full traceability, and compliance with international quality and safety standards.

Industry Leadership and Collaboration Position Dhofar Fisheries as a trusted industry leader while contributing to discussions on processing excellence, logistics, and evolving market trends.

Company Overview

Established in 2000, Dhofar Fisheries & Food Industries Company SAOC is one of the Gulf region's longstanding tuna canning operations. The company produces canned tuna, canned sardines, frozen seafood, fish meal, and fish oil, supported by a processing and storage capacity of approximately 7,000 tons.

A recent expansion at its Duqm facility (Dhofar Fisheries Industries LLC) replicates these capabilities, further strengthening the company's operational footprint and regional reach.

Key Strengths

Proven track record of quality and reliability

Integrated value chain from processing to storage and distribution

Strong leadership in Oman's seafood industry

Established reputation for dependable international partnerships

Commitment to sustainability, quality assurance, and traceability

"We are proud to showcase Oman's seafood strengths on a global stage..." — Mahdi Hassani,
Chairman
