

ECUADOR FIRST CLASS®

SHRIMP

Ecuador showcases its First Class Shrimp at Seafood Expo North America 2026

Ecuador First Class Shrimp will present the premium quality of Ecuadorian shrimp at Seafood Expo North America 2026. Visitors are invited to experience the excellence of Ecuadorian shrimp at the stands 633 and 743, where they will discover the country's commitment to elevating global standards across the shrimp industry.

Ecuador First Class Shrimp is the official brand of the National Chamber of Aquaculture (NCA), Ecuador's leading aquaculture association. The NCA plays a central role in promoting sustainable production practices, fostering innovation throughout the Ecuadorian shrimp sector, and positioning Ecuadorian shrimp in key international markets.

At this year's Seafood Expo North America, the Ecuador First Class Shrimp pavilion will bring together major Ecuadorian exporters showcasing the diversity, consistency, and premium positioning of Ecuador's shrimp exports. This collective presence reinforces Ecuador's commitment to expanding its footprint in strategic global markets and strengthening its reputation as a reliable supplier of high-quality shrimp worldwide.

Throughout the exhibition, attendees will have the opportunity to learn more about Ecuador's unwavering commitment to quality, explore its premium shrimp offerings, and connect directly with leading Ecuadorian shrimp exporters.

About Ecuador First Class Shrimp:

Ecuador First Class Shrimp embodies Ecuador's commitment to excellence on a global scale, representing the pride of an industry dedicated to setting the highest standards at every stage of production. Each Ecuadorian shrimp tells the story of generations devoted to perfecting a unique, world-class product.

In 2024, more than 1.2 million metric tons of Ecuadorian shrimp reached over 60 countries worldwide with a premium offering. Beyond shrimp, Ecuador First Class Shrimp exemplifies how a united nation can transform a natural resource into a lasting legacy that connects Ecuador with consumers around the world.
