

Chun Cheng Fishery Enterprise Pte Ltd

Chun Cheng Fishery (CCF) was founded in 1994 and has become one of Asia's leading importer, processor, exporter and distributor of frozen deep-sea long line seafood products with -50°C and below. Our headquarter is located in Singapore with processing factory. In addition, we have offices located in Taiwan (Kaoshiung), China (Yantai) and Thailand (Phuket).

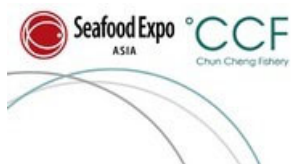

We offer generic (non-labelled) products, private labels (contract processing) by working closely with wholesalers, distributors, supermarkets, caterers & retailers. We are processing frozen fish into different cuts for consumers in Asia, US, Europe, Russia and Brazil, and engages in custom contract processing (fillets and steaks, vacuum packs items like Swordfish and Tuna steaks) for some of the biggest frozen fish distributors worldwide.

Our frozen fish varieties include Swordfish, Tuna-like species (Big eye, Yellowfin – both longline and Purse Seiner, Albacore, Skipjack), Codfish (Chilean Seabass), Black Marlin, White Marlin, Stripe Marlin, Sailfish, Sugiyama, Mahi-Mahi, Oilfish, Escolar, Wahoo, Moonfish, Atlantic Salmon, Illex Squids as well as Surimi.

We are committed to the value of Total Quality Management and operated within strict practices of food hygiene, safety, sanitation and quality control as to ensure our products are in compliance to the statutory and regulatory requirements of countries we are selling to. Our factories are certified with ISO 22000, HACCP, MSC Certified Sustainable Seafood, ASC, "Halal", Healthier Choice and Tasty Singapore, etc.

CCF Group invites you to discover its wide range of products, which are sourced from reputable fisheries and meticulously handled to ensure optimal freshness and taste. From premium cuts to value-added options, CCF Group offers an extensive selection tailored to meet the diverse needs and preferences of its global clientele.

Meet us at The Seafood Expo Asia in Singapore from 11 to 13 Sep 2023, at Sands Expo and Convention Centre, Booth G01. The company's knowledgeable and friendly team will be on hand to engage with attendees, answer questions, and provide detailed insights into its import and export operations.
